

● OPEN TO NEW OPPORTUNITIES — AVAILABLE NOW · GLOBAL REMOTE · EOR-FRIENDLY

Juan José Cano *Duque*.

Software Engineer · QA Automation Lead · AI Driven. A decade of building, breaking, and automating production systems — from team-led Java backends to AI-powered tooling for global brands. Driven by a hunger to keep learning, ship quality at scale, and let machines handle the boring parts.

LEADERSHIP & WAY OF WORKING

§ 05 — EDUCATION & LANGUAGES

Formally *curious.*

“I write production code, and I know how to test it. Building, automating, and optimizing is something I genuinely enjoy doing.”

— JUAN JOSÉ
